

## JAMES SKINNER

ASSOCIATE DIRECTOR - ENVIRONMENTAL

### PROFILE

James has over 25 years experience in the environmental and contaminated land sector. He is a practical, commercially minded, environmental consultant with a proven track record in resolving contaminated land issues.

James specialises in the investigation, assessment and remediation of contaminated land; with a particular expertise in the downstream petroleum and property development sectors. An excellent communicator, providing clear pragmatic advice, James has overseen the investigation and remediation of 1000s of sites across the UK with project values ranging from £1,000 to over £1M.
