

Introducing REDS

Environmental
Risk Management

REDS

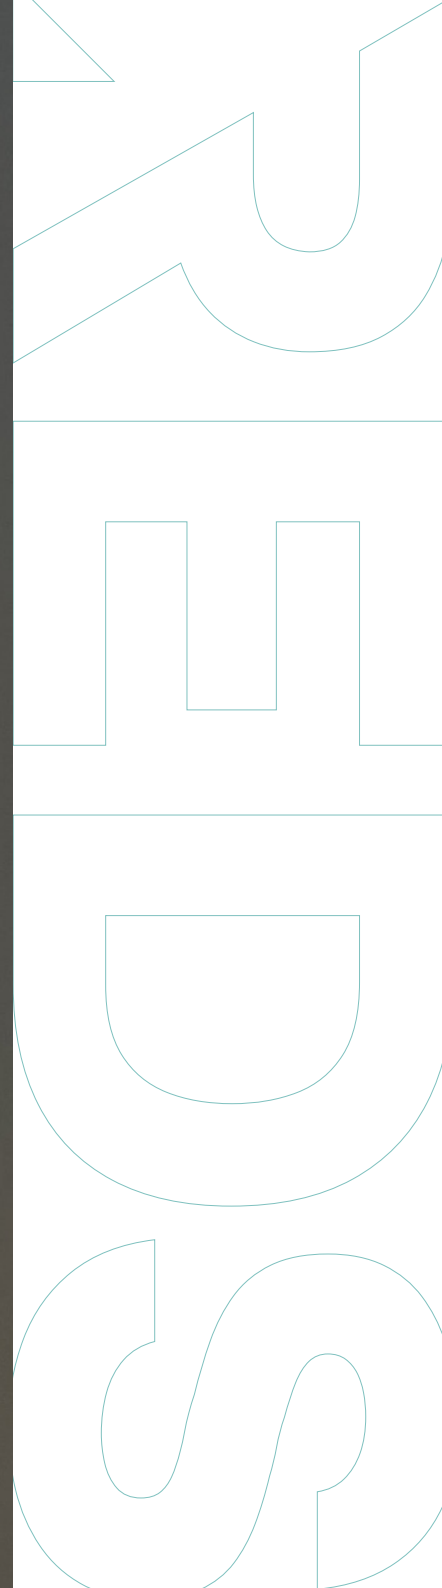

Leaders in environmental risk management

REDS went above and beyond throughout the project, offering solutions whenever challenges presented themselves.

A very knowledgeable, proactive and approachable team.

LEAD PROJECT MANAGER
MOD ESTATES

At the heart of REDS Group is an expertise in all things related to the safe storage of fuel and other hazardous materials.

We provide bespoke solutions for fuel maintenance, inspection, and environmental management of fuel storage facilities across the UK.

Our expertise ranges from emergency incident response to environmental risk assessments, from tank inspections to fuel polishing, and from storage tank decommissioning to land remediation.

At REDS we understand the challenges of owning and maintaining fuel storage facilities. Our depth of knowledge and breadth of experience enables our clients to focus on their core areas of business, confident that their fuel and HazMat storage facilities are well maintained, safe to use, and adhere to current regulations.

Delivering
multi-discipline
services across
the UK.

REDS group impressed with
their professional communication
and their swift response to
the incident.
